BELLE GLADE — Condemnation proceedings against some three dozen buildings involving 348 rooms in Belle Glade colored town were authorized by City Commission at its regular Wednesday night meeting.

City Inspector N. B. Willis was given the "go ahead" against property owners involved, some of whom reportedly have been condemned cases for three to five years.

Willis reported that although the total represents some 7% of all Negro rental property in Belle Glade, the 348 rooms involved are partly offset by 10 new room constructions within the last few months, and condemnation should not work too great a hardship at this time of year.

Vice Mayor H. O. Carlton presided at the meeting in the absence of Mayor Harold Rubin.

3-Way Bills May 1

Commissioners authorized the start of simultaneous billing for garbage and trash collection and water bills to begin May 1. Those who have already paid in advance on their quarterly garbage collection will be credited until the payment is due. After May 1, all three city services will be billed monthly.

In a vote of 4 to 1, the same ordinance, the Commission okayed (Continued On Page 8)

ZONING, PLANNING DISCUSSIONS SET FOR TONIGHT, MONDAY TOO

PAHOKEE — Two special meetings to try to make some sense out of the city's conflicting and erratic zoning ordinances will be held here tonight and Monday by City Council.

Tonight, Council and a group of Negro property owners will meet at East Lake elementary school to discuss whether the now stringent fire-zoning in colored town is hampering building.

Monday night at City Hall, Council will meet with Zoning Board, Planning Board, and Zoning Board of Appeals to be present, to take up specifically the question of fire zoning, and generally the problem of getting Paokoke's zoning and building ordinances in comprehensible shape.

Armstrong Issues
The whole zoning problem, which Tuesday night brought from Council President James Harry Wilkinson, jr., the opinion that an entire restudy and revision of the needs came up, this time because of the need for two buildings by Dr. L. W. Armstrong.

Only 47 per cent went slightly. Next week, Bryant E. Pearce of Ft. Myers will display some of his registered Charbray cattle at the market. Two or three yearlings will be for sale. Young said.

The complete report of Monday's sales follows:

672 cattle, \$48,120.11
369 steers, 80 heifers, 53 calves, 132 cows, 8 bulls, 30 yearlings.

'GEORGE WASHINGTON...' REHEarsed HERE--FOR TONIGHT, SAT.

HERE'S THE BELLE GLADE "George Washington Slept Here," the senior play to be presented tonight and tomorrow night at 8:15 at the high school. Rehearsals shifted so fast Photographer Allie Okie couldn't keep up with the left-to-right, but clearly identifiable in the picture are Director Barbara Starke, Ervin McTaggart, Eugene Pope, Montine Poole, Little Joanne Holliday, Jeanie Royals, Jane Norris, James Robertson, Cherry Corbin, Virginia Kloss, Mickey Herring, Wilfred Burry, Laron Bass, Jerry Brent, Joel Parker, John Schlechter, and Geraldine Bailey.

72.0 Toward C-C Membership Goal

BELLE GLADE — The Belle Glade Chamber of Commerce membership drive this week whizzed past its last year's final total, and chalked up approximately \$5,000 or 72% toward its 1954 goal of \$6,500.

Executive Secretary Edwina Yarborough, who started the first report two weeks ago are Lloyd Asprey, Buford Prescott, Rotary Club, Southern Distributors, Florida East Coast Railway, G. D. Kirkland, Carlton Courts, Rictu Motel, Belle Glade Telephone Co., Thomas Forsee, Southern Bell Telephone Company, Spann, Mather Furniture, John Howard Care, and one "anonymous."

PAHOKEE — A profit of approximately \$200 on the plant sale last week of the Pahokee-Canal Point Garden Club was reported by Mrs. Leo Maxwell, finance chairman.

CONSTRUCTION of towers such as shown on left, to carry 3600 simultaneous telephone conversations and TV, has started between West Palm Beach, Orlando and Jacksonville. Right-hand picture shows Tom Melton, Western Electric Co. employee, at work installing the 13th long distance switchboard in the Belle Glade-Pahokee office. The office now has 11 direct circuits to Atlanta, four to Ft. Lauderdale; eight, Miami; 12, West Palm Beach; three, Ft. Pierce; 7, Jacksonville, and 8, Orlando.

Glades Telephone Operations Growing With PB County

There are now 2,888 telephones in operation in this part of the Glades, and their installation, maintenance, and switchboard services represent an investment of \$1,233,807, Southern Bell Telephone and Telegraph Co. District Manager E. F. Reddy said this week.

Thirty-seven employees serve the Glades for the telephone company, with a total payroll of \$10,622, Reddy said.

This month, 50,000 telephone mark was passed in Palm Beach County, with a net gain of more than 5,800 telephones installed in 1953, according to the district manager.

Glades Gain

Belle Glade area, less than 20 years old, when it was established in November of 1934, has gone from an original installation of 87 telephones to a present total of 1,795. Pahokee Canal Point has gained from 106 to 1,099 in the past 20 years.

Until 1949, long distance circuits between Glades towns were aerial wires on poles, but hurricanes sometimes left the towns without long distance communication for several days. In 1948 and 1949 Southern Bell buried a long distance cable along the route from West Palm Beach to Belle Glade, at a cost of \$378,000. On Oct. 25, 1948 another underground cable was buried in the shoulder of the road from Belle Glade to Pahokee at a cost of \$98,000. Since then there has been no interruption in long distance service due to the storms or hurricanes, although the service has been interrupted several times due to individuals cutting it with draglines, bulldozers, and

Friend to Repeat

PAHOKEE — Mayor Lewis Friend today announced he will run for re-election in the May 4 primary.

His platform, he said, will be "Much Accomplished, More To Be Done" -- and he will leave it up to the voters to decide whether they wish to continue the progress made in Pahokee during his administration.

Mayor Friend said that he would discuss the accomplishments of his two terms of office -- 1950-52 and 1952-54 -- within the next couple of weeks.

The man who has been a farmer and rancher in the Glades since 1922 was born in Lamar, Col. in 1913. He came with his parents to Florida at the age of one year, and to Pahokee when he was four years old. He is a graduate of Pahokee High School.

Mayor Friend is married to the former Miss Gettie Smith. They have three daughters, Kay, 16, Cindy, 12; and Merrie Ann, 3.

Pahokee's chief executive is a member of First Methodist Church, the Lions, and the Elks.

NEW BUILDING DEDICATION

BELLE GLADE — Dedication of the new Chamber of Commerce building followed in the evening by the C of C's annual dinner and dance. Ground-breaking dinner and meeting was tentatively scheduled for Thursday, Apr. 29.

Mrs. Mary Foy has been appointed chairman of the annual dinner and meeting. President George Edgeworth announced this week.

Harold Cole, vice president and general manager of the Florida State Chamber of Commerce has been invited to be principal speaker of the day. The dedication is planned for 3:30 p.m. and the dinner for 7 p.m. at Belle Glade Country Club,

Mayor Fisher Johns Worker

SOUTH BAY — Mayor S. J. Fisher has been appointed chairman of the South Bay committee for the George Johns-for-Governor campaign, according to Floyd Clemon, county committee chairman.

Fisher, a native of Rome City, Indiana, was educated at Grand Rapids, Michigan and came to Florida in 1919. He settled first in the Little River community where he engaged in farming for 14 years. Having acquired property at South Bay four years earlier, Fisher moved to South Bay in 1919, undertook farming for a short time, then engaged in ownership of the trailer park and house and business there.

He is a member of the Methodist Church and the South Bay Lions Club. For many years he has been councilman at South Bay and is presently serving as mayor.

TWO MORE DEAD IN ROAD CRASH

BEAN CITY — Two more Glades accident victims, who died near here when their fast-traveling car hit a tree, were buried this week.

Forreston and Griggers, 26, of West Palm Beach, were held Tuesday. The body of George H. McDaniel, 21, was sent to Columbus, Ga. for services.

Mr. Griggers' funeral was held at Midway-Monroe-Fairview Chapel in West Palm Beach, with Rev. Luzene Lamerson, pastor of Westside Baptist Church, officiating. Burial was at Pompano Cemetery.

The two men met instant death early Saturday morning when their car failed to make a curve and skidded into the wet road into a tree on SR 80. They had been living at the home of Mrs. Zelma Betzner, Belle Glade, while doing some installation work for the telephone company. Both were Western Electric employees. Justice of the Peace Joe Cheshire reported that their car wrapped around the tree, and it was an hour before the bodies could be extricated.

BELLE GLADE BAND 'EXCELLENT'

BELLE GLADE — The Belle Glade high school band got excellent ratings on all three contests held in the high school auditorium Tuesday under the direction of Band Leader Jack Marion.

The contest is divided into three separate parts: concert, sight reading, and marching. The concert requires the band to play three pieces. In the sight reading contest the band must play music they have never seen before.

Suzanne Forsee and Winifred Burry got excellent rating in the student conducting division. In the contest held last week seven members of the band did solo numbers and did a good job rating. These were Mary Claire Crider, twirler; Suzanne Forsee, also saxophone; Frank Campbell, trombone; Billy Tom Forsee, trombone; Barbara Jean Willets, oboe; Laurine Anderson, clarinet; Nedra Mikovsky, clarinet.

HOUSEDOME EXEMPTIONS

**Big Time**

Now is the time for all good weeklies to jump to the aid of the voters.

Our method is not to try to influence voters (the shining example of Franklin D. Roosevelt and Harry Truman being re-elected with 90 per cent of the press against them is enough to convince us), but to get the voters thinking.

So we herewith invite any candidates or any of our campaign-minded readers to express themselves in our columns, from now on to election day.

If you have a bone to pick with a candidate, put the facts in writing and we'll give your letter space. If you have good reason to support a candidate, let us know about it so the rest of our readers can share the information.

By this invitation to use our columns, we hope that Glades voters will be better ready to get out to the polls on Election Day and vote their convictions, exercising one of the greatest rights of free Americans.

WASHINGTON NEWSLETTER

By Sen. George Smathers

WASHINGTON: A friend from Florida wrote to ask why I was spending so much time and energy in the fight it has fallen my lot to lead against the Hawaii and Alaska statehood bill.

"They are so far away from Florida," said the letter, "that I don't think your efforts will mean much to the people down here."

My correspondent was reminded that many people do appear to be aware of how much this means to them, and how irrevocably the statehood step, if taken, will change their place to Florida, and of other states. The remoteness of these territories is a main issue, and the decision we face is where are the logical boundaries to our union.

Since this fight started, more and more people appear to be re-examining the issue; from Florida and throughout the country various messages to the effect. Resistance in the Senate, which first appeared hopeless, no longer is so. One of encouraging signs appeared where the nationally syndicated columnist Walter Lippman, who we have been saying for months:

"We are at a standstill."

Statehood is an irrevocable act . . . once done, it cannot be undone . . . a state cannot be created . . . admission of outlying territories . . . would mean a radical change in the structure of the union and our external relations . . . Such a change should be done when the people are listening and have their eyes open . . . What must be questioned is whether (our) interests are so nearly identical that they can be fused in the same legislative body.

SHORT TAKES FROM THE SENATE FLOOR: Getting help from the Senate, we were able to repeal travel tax in Florida and to Latin America where some countries pay, some don't . . . Have introduced bills to establish new national cemetery in Florida; encourage vacation influx to Florida ("See America First" Week in June).

BELLE GLADE GIRLS "SUPERIOR"

BELLE GLADE Superior, or top ranking, was won by members of the Belle Glade high school girls' chorus in the district contest in Miami last Friday.

With Miss Marian Najarian directing, the chorus, competing in the tests of singing, 1400 contestants, won superior in concert and in sight reading. The group is thus eligible to enter the state contest at Tampa in May.

Winning soloists were Glenda Dell, singing; "Arling"; Alma Ann McClure, piano; "B" rating; Ann Henderson, soprano, "A"; Joanne Holliday, Miss Henderson and Miss McClure, girls' trio, superior. Mrs. E. L. Holliday and Mrs. C. B. McClure were

Iron Curtain - Belle Glade One-Way Trip Is Goal

BELLE GLADE — From behind the Iron Curtain to farm work in Belle Glade is the aim of a German farmer who recently escaped to West Germany with his wife and three children.

A request for "any assistance" in finding work for the 35-year-old man was received this week by Chamber of Commerce Secretary Edwina Young, in a letter from the man's sister-in-law, Ilse Kampfhenkel, in Palm Beach.

The woman's brother, brother-in-law and family are living in a refugee camp in West Germany and soon will get their visa to the U.S., she reported. Her brother-in-law, she noted, is unemployed and has been receiving relief.

Ilse Kampfhenkel, in Palm Beach, said the man, described as "hard working, does not smoke or drink, and is in good health."

**ROBSEVATIONS**

By BENJAMIN S. ROBERTS

Joshua brought the walls of Jerico tumbling down.

Mr. Cohn may find that more than walls fall when persistent dogging concerns the Army. Seeking preferential treatment for his co-worker David Schine, Mr. Cohn failed to keep that knowledge from the public. A Public as intently concerned with the armed forces as is ours does not look with favor upon persons who avoid or seek to circumvent their fair share of responsibility.

David Schine is a brilliant, precocious and gifted young man. Somewhere in his record the ignored and neglected must have been neglected. In the light of publicity he surely regrets that he didn't take his military training like anyone else. A more responsible person would have taken personal responsibility for his actions, tried to bend the Army to his will for the immediate benefit of Schine and the ultimate inflation of his own ego. Schine must be wondering why he forfeited his self-respect for an easy greenback.

Senator McCarthy must wonder why he chose such brilliant but brash young men for his office. The Public must not be misled. McCarthyism is a way and means alien to the dignity of free men. That a triumvirate such as McCarthy, Schine and Cohn could so entrench itself, could so twist and contort the affairs of a free society, is a danger signal.

Let's not get off the track, it is Communism we must fight, it is unwise to entrust the last ditch battle of self-seekers embittered with power of their own offices.

The walls came tumbling down — right on top of Mr. Cohn.

WILDCAT SESSION

PAHOKEE — John T. Picket and his survey crew were not quite routed when they surprised a wildcat on a Gladeview Dragway. Disaster never went of Picket's construction project this week.

Pahokee's Pickett, Glynn Carr, Charlie Prince and James Brady caught a glimpse of the cat, estimated at 40 lbs., then it disappeared. Then it reappeared. Prince gave ground when he discovered he might meet a fatality with a machine, and Pickett made a javelin throw with a rod but missed. The cat departed.

The greatest engine advances
since the ORIGINAL FORD V-8!

Twenty-two years ago Ford introduced to the low-price field a fine-quality, precision-engineered V-8 engine. This basic design quickly established a new standard of performance for low-priced cars.

And now, with its 22 years' experience in building over 13,000,000 V-8s, it is only logical that Ford is first in its field to introduce a brand new type of V-8—the Y-block V-8... together with the most modern Six in the industry—the new and advanced I-block Six.

Belle Glade Beta Sigma Phi Testing Area Students' Hearing

The Belle Glade Beta Sigma Phi sorority this year has undertaken, through the service committee, to have the program of testing the hearing of third grade children in Lake Harbor, South Bay and Belle Glade.

The first attempt of this sort was made last year through the efforts of Mrs. Ruth Timmons, who is a past director of the sorority. This project has been carried on in the Pahokee area through the efforts of the Junior League. Members of the sorority were trained by Junior League members in the use of the audiometer that is used in the test. This audiometer last year was loaned to the sorority by the Florida Department of Education. The cost of the audiometer this year it was obtained by the Palm Beach County Health Association.

Three people are required to conduct the test; one to register, one to record results and one to work the audiometer. Last year over 400 students were tested from the third grade through the sixth grade, taking approximately three weeks. This year and hereafter the test will only be given in the third grade and to any student from the fourth to the sixth grade who was not tested before. Any child failing to within a normal range is referred to a doctor. If a mistake could have been made. If the results are the same, the parents are given written notice of the results of the test and a suggestion made that the child be taken to an ear specialist for further testing.

Only One Last Year

Last year none were found deafened in Lake Harbor, and one in South Bay, both of whom had been tested last year. The parents failed to follow through the suggestion that the child be taken to a specialist. No attempt is made by sorority members to analyze the results; all they do is to put them in writing and report to the parents if the child falls below normal and suggest that the child be taken to an ear specialist.

To date, they have tested 14 children in Lake Harbor and 32 in South Bay. They expect to continue in the Belle Glade school this year and to move on to Osceola Camp. Mrs. E. F. McAllister, service chairman for Beta Sigma Phi, is in charge of the project. Others helping are: Mrs. O. G. McWhorter, Mrs. Del Beasley, Mrs. M. Lorenz Connell, Mrs. Basil Cook, Mrs. Louis Kirchman, Mrs. E. Jones, Mrs. F. W. Cross, Jr., Mrs. Douglas Thompson and Mrs. Howard Payne.

You Might Call it a "Gravy Train"

Was reading the other day about a Maharaja in India who had a miniature electric train all made of silver. Now, maybe that's not unusual for a prince, but this fellow had it running around on an enormous dining table in the royal palace.

The twelve cars on the train are loaded with different kinds of fruits, nuts, candies, and beverages. And the train stops automatically in front of each plate so the person sitting there can choose what he wants.

DEADLINE APR. 3

PAHOKEE — City Clerk Dorothy Graham advised voters in this area that April 3 is the last day for county registration at City Hall. After that, the books will be available only at the county office. It is recommended that since the books have been available here, 51 persons have registered to vote in the county and state elections.

PAHOKEE — Despite the tandem sessions it had this week in "The Great Debate" on the colored town fire zoning, City Council transacted other business in Monday and Tuesday night meetings.

Building permit fees were waived for both First Baptist Church's new sanctuary, and the new concrete block church to be built in colored town.

The possibility of a new post office being built in colored town came nearer reality with the demonstration of two new machines. Council decided to advertise for bids.

In other action, Council

REHired the rates for the swimming pool, which fees for the summer, April 9 to 15 cents a child, in order to raise more revenue for the water, which is furnished at a loss;

REHired Coach Leland Keene to operate the pool;
